SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a draft guidance for industry entitled “Assessing User Fees under the Generic Drug User Fee Amendments of 2017.” GDUFA II (Pub. L. 115-52, Title III), signed into law by the President on August 18, 2017, continues FDA’s and industry’s goal to improve public access to safe and effective generic drugs and to improve upon the predictability of the review process. GDUFA II extends FDA’s authority to collect user fees from fiscal year (FY) 2018 to FY 2022 and introduces a number of technical revisions that affect what fees are collected and how some fees are collected.

The draft guidance announced in this notice revises and replaces the draft guidance for industry on “Assessing User Fees under the Generic Drug User Fee Amendments of 2017.” This draft guidance addresses changes in user fee assessments from GDUFA I, user fees incurred by industry under GDUFA II, payment procedures, reconsideration and appeals, and other additional information to assist industry in complying with GDUFA II. Clarifying language was added to the revised draft guidance based on the public comments submitted for the draft guidance.

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on “Assessing User Fees Under the Generic Drug User Fee Amendments of 2017.” It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

II. Paperwork Reduction Act of 1995

This draft guidance contains information collection provisions that are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). The draft guidance refers to collections of information for filling out and submitting Form FDA 3913 (User Fee Payment Refund Request), previously approved under OMB control number 0910-0805, and Form FDA 3914 (User Fee Payment Transfer Request), previously approved under OMB control number 0910-0805.
